Sir:

In reply to the August 10, 2004 Office Action, please amend the above-identified application as follows:

**IN THE CLAIMS:**

Please amend claims 2-4, 7-9, 21-23 and 26-28 as follows:

2. (Amended) The projector of claim 1, further comprising a [reflector]reflecting mirror capable of being adjusted to different mounting angles with respect to an incident optical axis and being provided in the optical path between the light source and the modulator.

3. (Amended) The projector of claim 1, further comprising:  
a color separating optical system provided between the superimposor and the modulator to separate light output from the superimposor into color light beams;  
a plurality of modulators connected with the color separating optical system to produce modulated color light beams;
